Statement re: Suspension

Mirada plc (AIM: MIRA), a leading provider of integrated software solutions for Digital TV operators and broadcasters, provides the following statement regarding the temporary suspension in trading in the Company's ordinary shares.

The Company was due to announce its unaudited interim results for the six months ended 30 September 2018 during the week commencing 17 December 2018. However, it has come to the Company's attention that a draft of the interim results statement was distributed by email in error to a number of third parties on the morning of 6 December 2018. The distribution of this draft interim results statement was not authorised by the Company and was an inadvertent error by the Company's PR adviser.

The draft interim results statement made reference to a contract win with Skytel LLC ("Skytel"), a leading communications service provider in Mongolia. The Company expects to receive a signed copy of the contract with Skytel imminently and an announcement will be made at that time providing further details.

Trading in the Company's ordinary shares has therefore been temporarily suspended from trading pursuant to Rule 40 of the AIM Rules for Companies pending announcement of the Skytel contract and then the Company's interim results.
